A photograph of a modern, multi-story school building with a brick and metal facade. The building features a series of cantilevered balconies with glass railings. The sky is blue with some clouds. The text 'SCIENCE PARK HIGH SCHOOL' is overlaid on the left side of the image in a stylized, blocky font. 'SCIENCE' and 'HIGH' are yellow with black outlines, while 'PARK' and 'SCHOOL' are blue with black outlines.

Those Who Inspire...

Mr. Liborio

There are not many students out there who can say that they have a teacher whose hair often changes in style and color. We have had a fair share of Mr. Liborio's silly hairstyles and bold colors that mirror his hilarious and easygoing personality. We dedicate this yearbook to him because of his support for our senior class and for making us constantly smile as he demonstrates his Portuguese pride. He has assured us that if we cannot find a place to watch the World Cup, his classroom door is always open. The senior class would like to thank him for being an encouraging Senior Class Advisor.

Mr. O'Neal

Mr. O'Neal, better known as Papa Smurf, was one of the greatest teachers who ever taught in the Science Park classrooms. His funny teaching style, and lovable personality earned him much popularity. We dedicate this yearbook to him, for all those moments he made us laugh, like when he argued that the Giants are the best football team, and for the moments that he made us cry, like on October 4, 2008, when he sadly passed away.

Thank you Mr. O'Neal, for being a part of our lives.

...and Those in "Charge"

Mr. Thomas

Congratulations Class of 2011. It has been a privilege and an honor serving as your principal. The experiences that you have gained over the past four years have prepared you for nothing less than success. As a Science Park High School graduate, the road in front is far greater than the one behind you. You have made a great investment in your future. Take this short period of time to celebrate your accomplishments. I am proud of you. Please continue to show the world that students at Science Park are committed and passionate about creating and contributing to a world where possibilities are limitless.

Success is not your destination...

Greatness is your goal.

Greatness is infinite and lasting is its journey.

Seniors, as you embark into another journey remember to: Want more than what you have already achieved.

Never settle for your destination.

Develop your purpose in life; life with a purpose is your greatest responsibility.

Moving on to a higher education will open doors never imaginable. Embrace the experience, absorb the learning and always remember that Greatness is your GOAL.

Ms. Alvarez

Ms. Jackson

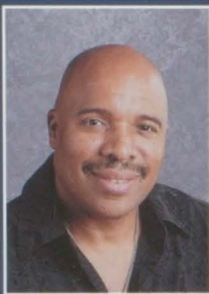

Life is an adventure, a journey. Sometimes the straight road is not the most interesting..take a side road every once and a while, and leave a new trail for the next person. I wish each one of you a good journey...with just enough rain in your lives to help you see the flowers grow and to appreciate the clear skies and running rivers. I wish you the love of a special person, the camaraderie of a good friend, and always a dream and a star to shoot for, in life. If things don't work out as you think they should, DON'T give up on yourself...for there's always another bend in the road to explore...you never know what you'll find unless you try. Thanks for all you've given me...it's more than you can ever know. I will hold you in my heart.

Halloween

Even through the darkest day of the year, we are still shining stars!

Remember how much fun we had on Halloween! Dressing up, trick-or-treating, eating way too many jolly ranchers! Those were the days!

THE CLASS OF 2011 IS...

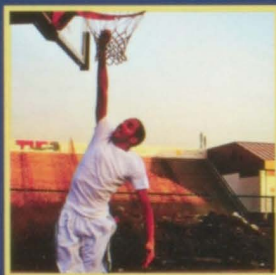

1 Proud!

2 Caring!

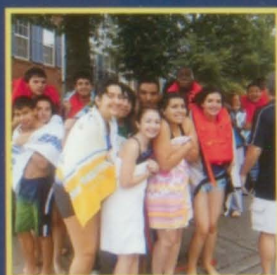

3 Fit!

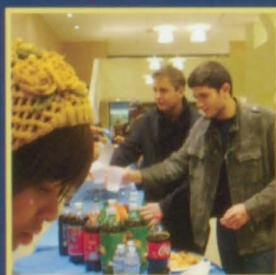

4 Soulful!

5 Hilarious!

6 Hungry!

What our teachers say...

"Savages" - Mr. Rippey

"Allez! D'accord. Silence s'il vous plaît!" - Ms. Nogueira

"Gimme a pound" - Mr. Alston

"Heads up!" - Mr. McMahon

"Give it up!" "We're hopping on the AP train" - Mr. Townsend

"I'm buggin out, my fault" - Mr. Kenz

"It's not about luck, it's about skill." - Mr. Gironda

"Hey Moe" - Mr. Farley

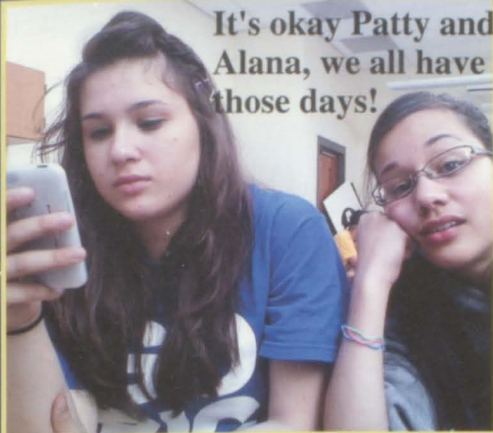

"I don't speak that tribal language" - Mr. Liborio

"Get to class" - Guidance Office

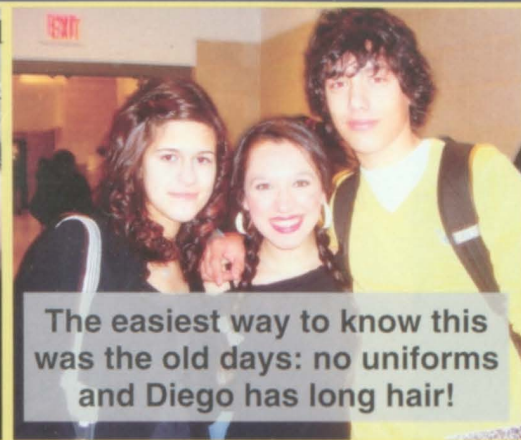

"It's open book, not open mouth" - Ms. Perkins

"Gooooooooooooo Chargers!" - Mr. Swartz

It's okay Patty and Alana, we all have those days!

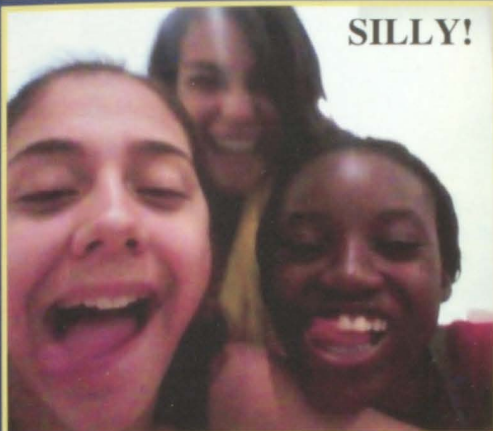

The easiest way to know this was the old days: no uniforms and Diego has long hair!

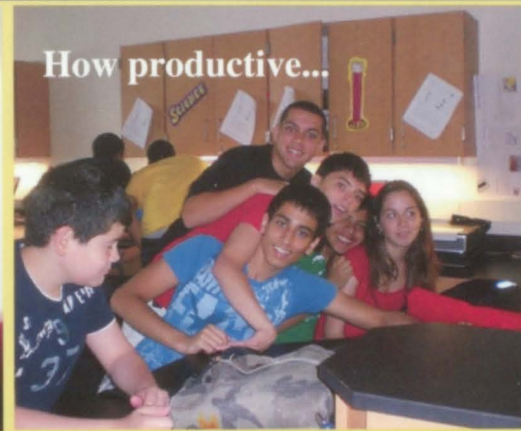

Why wasn't anyone else invited?!

SILLY!

How productive...

remember when...

...we walked out to protest teacher cuts...Kharis got into MIT and everyone cheered him on...everyone performed wonderfully at our Open Mic Nights...Sara gave her speech for Class

Secretary...Mrs.Matos, Mr.Rake, and Mr.O'Neal sadly passed away...when Kareem Abdul Jabar came to our school for his movie premiere...Bezalem's jokes cracked us up...we

had a fire drill in the middle of winter sophomore year...we all stressed over college applications...we all got kicked out of the halls by 3:15...we had to start wearing uniforms...we were bored after finals...we were all terrified freshmen...we were filmed for the Race to the Top challenge... we had a blast at prom...we dreamed of the day we would finally graduate.

George S. Patton, an American veteran, once said "If everyone is thinking alike, then somebody isn't thinking." Science Park students aren't taught to think like everyone else. We were taught to be that one person that will stand and say, "No!" when something isn't right. To the Class of 2011, this might sound cliché, but stand up for what is right, even if you're standing alone!

Our lives are not ending, just beginning a new chapter. I wish everyone the best in their futures and I'm going to miss the memories that we have created & lived thru in the past four years. It can only get better from here on out .. LIVE, LOVE, LAUGH but most importantly ENJOY!!

Science Park has been the best and worst thing that has happened to me from 2007 to the present. It is quite safe to say that SPHS has provided the ultimate high school experience. However, I will always know that it is a place that will not erase from my memory. It feels good to know that I am one of the students that has survived all four years. (:

Where is the "good" in goodbye? There is only the good of knowing someone who made it hard to say goodbye. You know that your love for a group of people is true when the hardest thing to do is say good-bye! But see that's the thing, freshman year you guys were just a group of people I went to school with but over the course of the years you guys have turned into my family. I really love the class of 2011. Hope everyone stays true to themselves and accomplishes all the goals you've set for yourselves! What's the biggest difference between life and school? In school, you're taught a lesson then given a test. In life, you're given a test that teaches you a lesson. Throughout the years at Science Park we were always learning and learning to pass tests in class, the HSPA, and the SAT! But classmates do not forget that its just the beginning, we are going to be tested constantly as we live our lives. If you fail- its okay, just make sure you learn life's lesson. When Mr. Liborio first asked me to become a co-advisor to this class four years ago, my initial response was No Way! I'm so glad he was able to convince me otherwise. What a journey these four years have been. I'm so grateful to have had the opportunity to get to know so many of you that I otherwise wouldn't have known. I am flooded with memories of when our senior class officers were not yet officers, but merely eager freshman full ideas and promises. I remember watching them give their electoral speeches and hearing about everything they wanted for the Class of 2011 and thinking: "What have I gotten myself into? How are they planning to pull off all these ideas?" Having now worked with you over these last four years, I can't say I'm surprised at everything we've accomplished as a class. We are truly an amazing group! At the end of the day, when things needed to get done, together, we found a way to make it happen! It has been so gratifying for me to stand behind you and watch you, the Class of 2011, bring to fruition so many of your ideas and goals. As you embark on this new chapter in your lives, I wish you all a remarkable and prosperous future.

LOVE always,
Ms. Nogueira-Jarkowsky, Co-Advisor

Mrs. Taylor was still principal, we had just finished moving to Norfolk Street, and I was a second year teacher with two content areas to teach and two sports to coach; so when she said, "Libório, we need a freshman class advisor and you are going to do it", my answer was, "uhhh ok". Wow, was I in for a ride! After dragging Mrs. Nogueira-Jarkowsky on board (thank you so much, by the way) I also recruited my wife and mother (someone had to make deliveries to SPHS and go to Costco to buy items to fundraise). Being class advisor became part of my life, my everyday thoughts and my daily agenda. It's almost like I adopted 200 kids in a matter of seconds. I'm not going to lie, it had its overwhelming moments and stressful times; but it came with its rewards as well. From meetings to bake sales, from fundraisers to pep-rallies, we got to know each other, laugh together and share some unforgettable experiences. With that said good luck in your future and never forget this school, these teachers, and all the people that in these four years touched your lives. Hopefully what we have done here will remain close to your hearts for years to come.

Much love,
From your Class Co-advisor Mr. Libório

We made this team! What started as an idea in two coaches' minds became reality with the skills, dedication, joy, power and strength of a few young student-athletes that embraced the concept of volleyball. You seniors are unquestionably the foundation, the building-block, and the cement that kept this idea together. Through much hard work and practice (even through spring break vacations) we achieved unexpected heights. You shocked the city, the county and the state! In these four years, you seniors – with the help of a few underclassmen – managed to make school history, climb state rankings, and reaching personal goals, you guys gave your all. Volleyball is a gentlemen's sport: beautiful to watch, exiting to play, and explosive when loved. Just like life, a volleyball match can change in the blink of an eye; emotions can run through you a million miles a second; and a victory can feel like winning the lottery. Each match is a life lesson; unity, trust, teamwork, patience, humility, and compassion, all summarize one word... Volleyball! It is clear that your etiquette has inspired the underclassmen to follow your footsteps, you are role models. You were, are, and always will be the core of Science Park High School's Boys Volleyball Program. And so, for one last time: Click...Click...Boom! LETS GOOOOOO! Much Love and Much Luck in your Future, Your Coaches

Head Coach – Amable Martinez
Assistant Coach – Nelson Rivera

To the girls' volleyball players class of 2011, Ladies it has been an honor to have coached each and every one of you for the past four years and for most even longer. Thanks for all your hard work and great memories, from youth games medals, to conference championships, to tournaments championships, in expanding our boundaries in our memorable Puerto Rico trip, not to mention making history and reaching great heights as we did in county finals and state finals. You ladies have grown right in front of my eyes; you are winners, family and will forever hold a special place in my heart. Wish you the best of luck in your future endeavors and look forward to seeing you succeed at the next level and accomplish your new goals. You know Science Park will forever be your home and are always welcome to return and see us as you are now the newest class of alumni. Congratulations on your graduation Class of 2011!!!

With Love,
Coach Amable Martinez
And the rest of the coaching staff

Head Coach – Albert Nguidjol
Assistant Coach – Cristiano Libório

A team should strive to build character, citizenship, camaraderie and psychological wellbeing while promoting physical fitness and a winning mentality in order to obtain the best possible performance from each of the individual's strengths. Yet all should be done while playing each match aggressively and intelligently, rather than violently and carelessly; for a team is only as physically strong as it's mentally weakest member. And that is exactly what you guys did this year! Here, at Science Park, you were all this and more.

In these four years, you seniors – with the help of a few underclassmen - forged an amazing team with strong leadership, fighting mentality, intelligence and above all pride. You shock the conference with your record, you did the impossible in the Essex County Tournament and made everyone proud in NJSIAA tournament; and lets not forget the Newark City Tournament... we are the CHAMPIONS! From the goal line to the opposite team's net, 11 became 1. Making school history, climbing state rankings, and reaching personal goals, you guys gave your all and for that we are grateful.

It is clear that your etiquette has inspired the underclassmen to follow your footsteps to further propel this Soccer Program beyond all others. You were, are, and always will be the core of Science Park High School's Boys Soccer Program. Never stop enjoying, playing or respecting this beautiful game we all know as Football, for the life lessons you have learned and experienced through this sport will always be with you. Where every red card was an obstacle, every goal was a milestone; where every opponent was a foe, every match became a lifetime; and where every defeat was a disappointment, our last victory became our reason to rejoice.

And so, for one last time:
 I...I Believe...I Believe That... I Believe That We... I Believe That We Will Win!

**Much Love and Much Luck in your Future,
 Your Coaches**

"IMPOSSIBLE IS NOTHING"

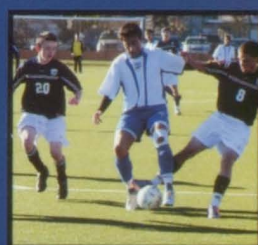

"Take your victories, whatever they may be, cherish them, use them, but don't settle for them."

"The rules of soccer are very simple, basically it is this: if it moves, kick it. If it doesn't move, kick it until it does."

"True champions aren't always the ones that win, but those with the most guts."

LET'S GO CHARGERS,

"The unexamined life is not worth living." –
Socrates

The 2011 NHS members have spent countless hours performing altruistic services for SPHS and our community. By harnessing their strength and enthusiasm, these amazing students maintained their studies, jobs, and family commitments while advocating breast cancer and heart-health awareness, running successful toy and clothing drives for charity, promoting camaraderie through HolidayGram and Valentine's Day flower sales, and volunteering at a local soup kitchen. I have not witnessed a more selfless, compassionate, and strongly bonded group of diverse young men and women who better personify the four ideals of the NHS. Advising them has been my honor and my privilege!

COMMENCEMENT CHALLENGE 2011

RACE TO THE TOP

Science Park made waves when we were selected as one of the six finalists in the White House Race to the Top Commencement Challenge. Thousands of schools submitted entries, but only six schools nationwide were named finalists in the competition. This challenge put us in the race to host President Barack Obama as a guest speaker at this year's commencement ceremony in June. The Race to the Top Committee was spearheaded by seniors: Marian Calle, Delores Emele, Katherine Fernandez, Briana Gilchrist, Ravenne Gillett, Edison Ortega, Beira Thomas, Salaam Thomas, and Omaru Washington, who all worked feverishly to keep us in the competition. As one of the six finalists, our seniors had to produce a video that showcased why Science Park should be selected. The three minute video production took three days of non-stop hard work and determination to complete! We are so proud of our team! Congratulations!

We, the class of 2011, represent a bridge in the history of Science Park High School. We are the bridge between a tiny, intimate high school, and a much more expansive junior-senior high. We are the bridge between the antiquated vestiges of Newark's boom years and the intellectual center of the technologically-savvy Newark of the future. We are the bridge between a beloved, established leadership in our school and district, and the fresh, new ideas of the incoming administration. We are the bridge between a year of enormous grief for our school community, and a future of joy and growing love for our classmates and teachers to come. We are the bridge between the vision for this place, and the battle to maintain its spirit and values into the future.

From our unique position, we feel that it is important to reach forward through time to declare and affirm our commitment to the beliefs that have made this school great.

We believe in excellence. We believe that it is in the pursuit of intellectual and personal excellence that we can realize our full potential. We believe that in times of struggle, remaining dedicated to that pursuit is the most powerful way to live our truth. We believe that nothing less than a lifetime of open, dynamic learning can bring us the power to win our own selfhood in a changing world.

We believe in integrity. We believe that there can be no progress, no trust without an absolute commitment to intellectual and personal integrity. We believe that people of integrity not only meet their world with respect and honor for the contributions of others, but that they meet themselves with full acceptance for the fruits of their own labors, and the aspirations of their hearts.

We believe in empathy. We believe our humanity lives in our ability to reach not logically but intuitively to embrace the people of this world. We believe that those choices we make and paths we take in this world cannot go astray when we ground ourselves in genuine empathy, and we believe that it is in empathy that the promises of forgiveness and hope are made real.

We believe in persistence. We believe that it is not for our weak wills and our tired hearts to decide when we may quit in our efforts to change this world, but that it is for our investment in futurity to say when and how the battle is won. We believe that in the face of challenges, it is persistence—not talent, nor charisma, nor pride—that wins out against the darkness of hopelessness.

We believe in service. We believe that all people must leave their world the better for their efforts, and we believe that sacrifices in the name of service are the currency in which we pay our debt to this planet and its people. We believe that where we can help an individual, a community, or an institution, it is our duty to do so in whatever scale we can afford and in every way that we can.

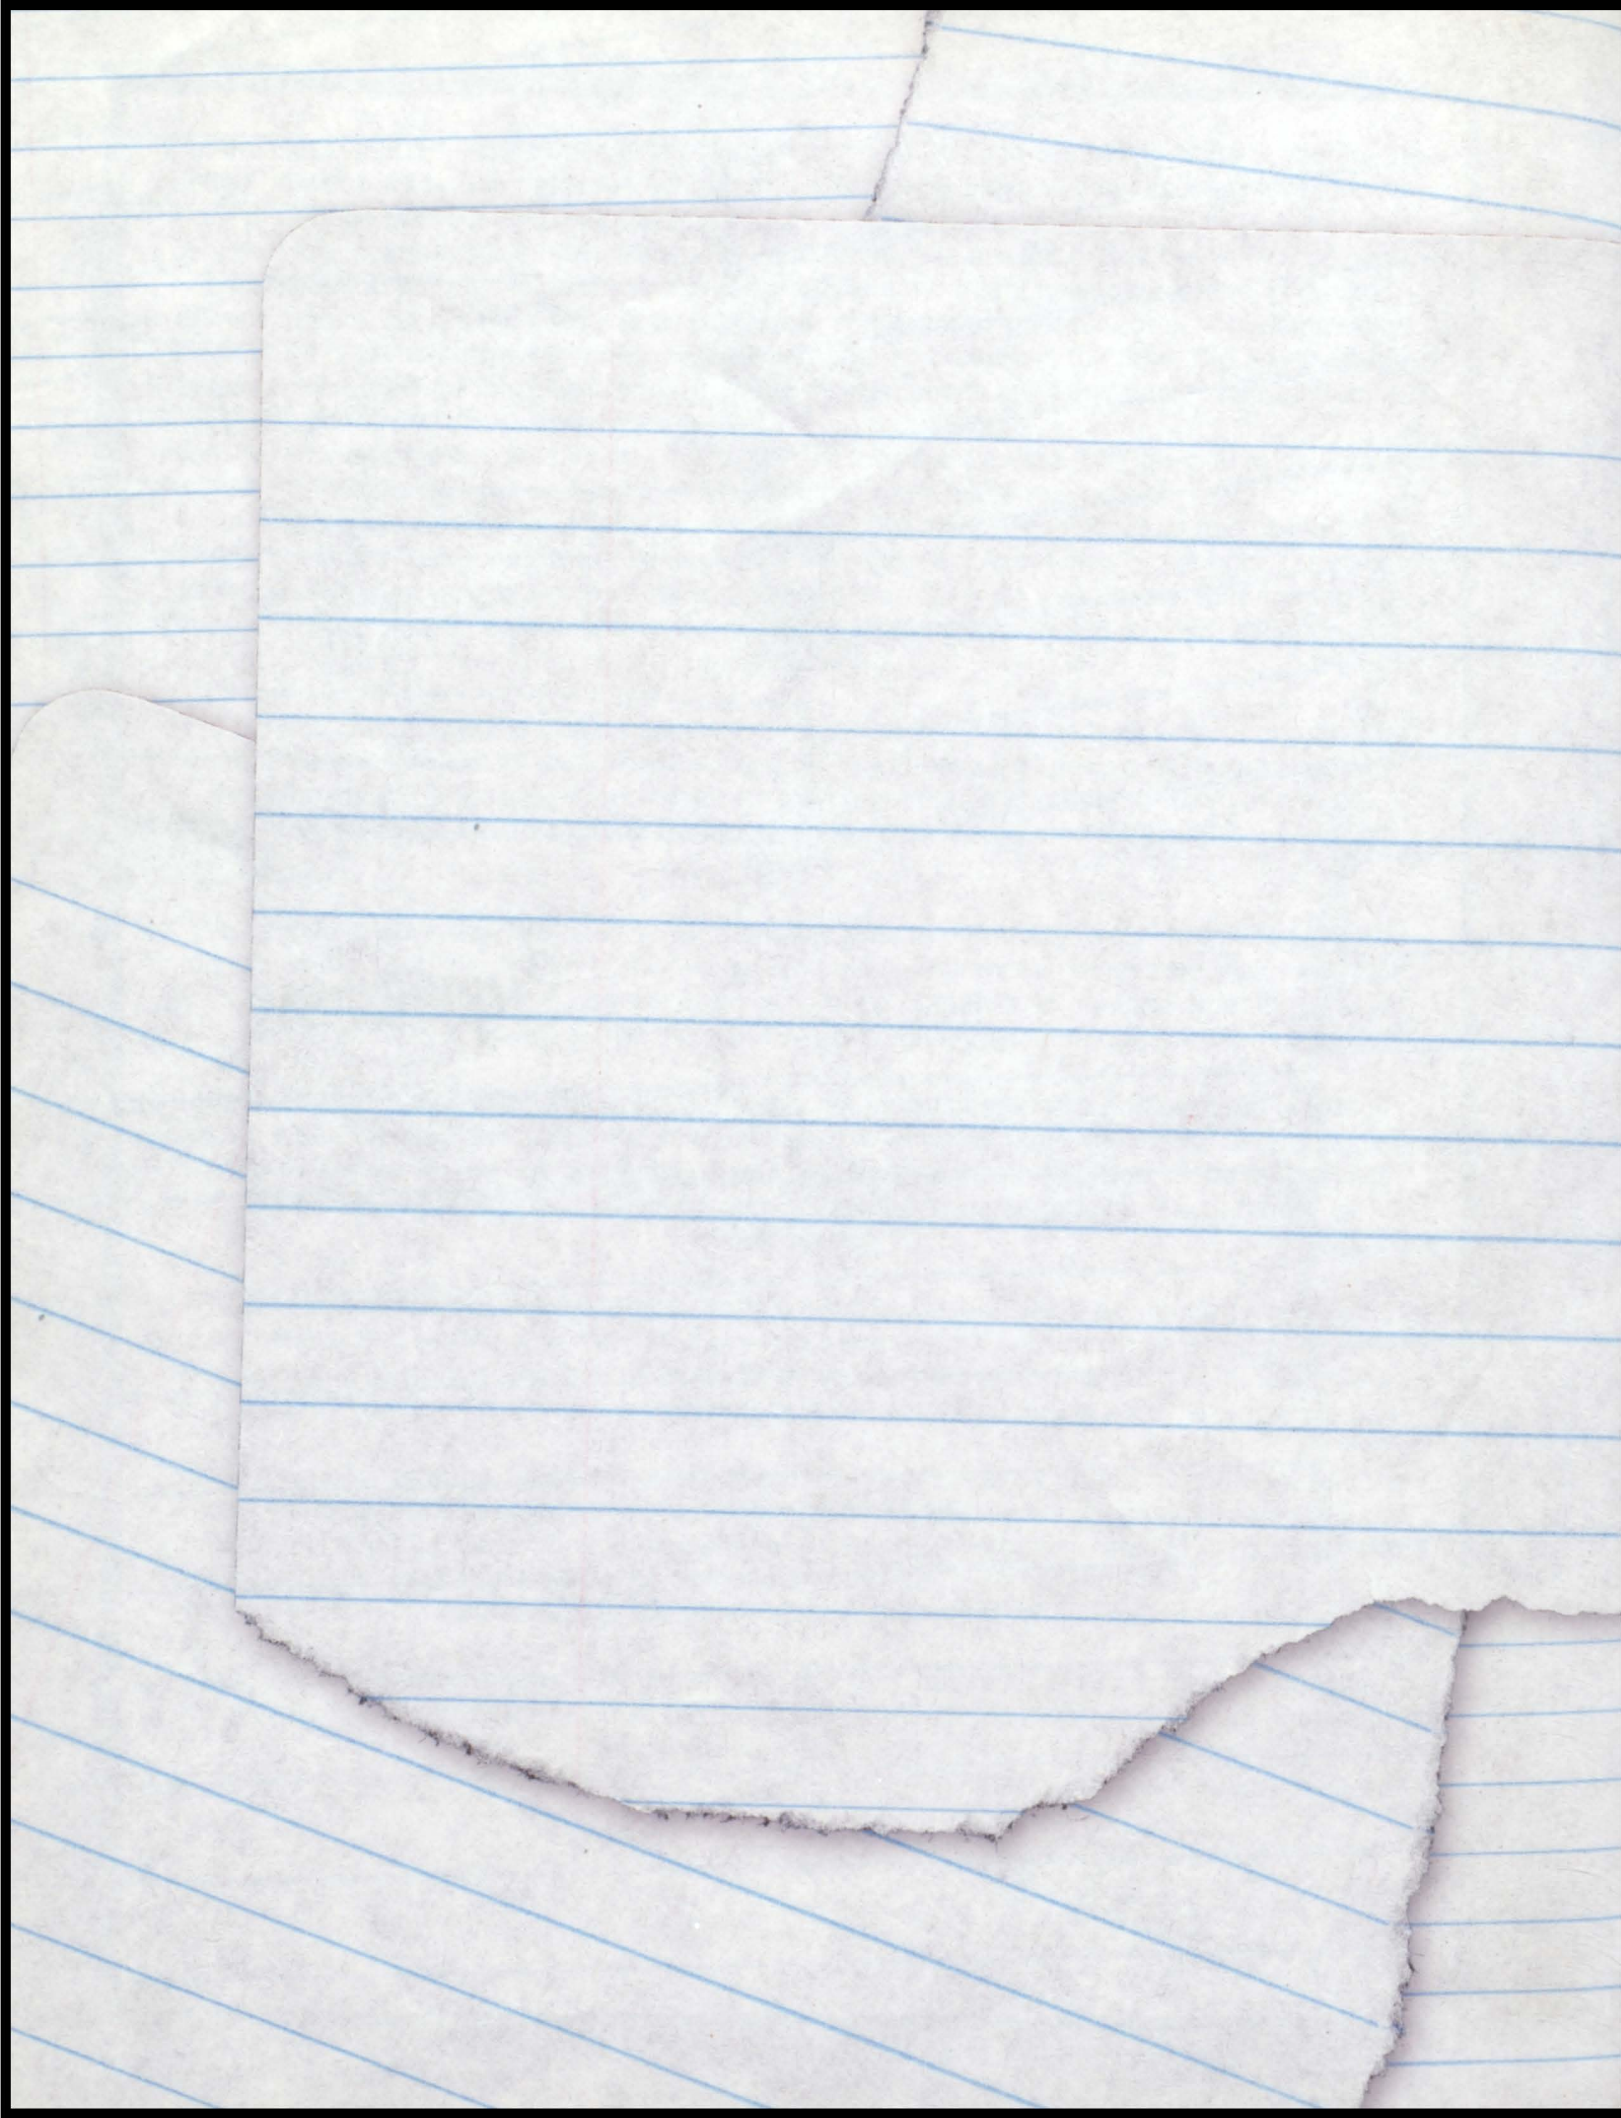

Finally, we believe in boldness. We believe that history is made by people of courage, people, whose audacity and inventiveness go beyond the bounds of their known world, treading on the ground of an imagined world within their power to make real. We believe that all of us are charged with facing our lives with confidence and faith of purpose, but also with the unflagging good humor, shrewd criticism, and unshakeable authority of a citizen of this nation and this world.

As we move forward to grasp our citizenship, to inherit our collective birthright, we dedicate ourselves to these values, and charge the generations of Science Park graduates to again affirm and live them heart and soul.

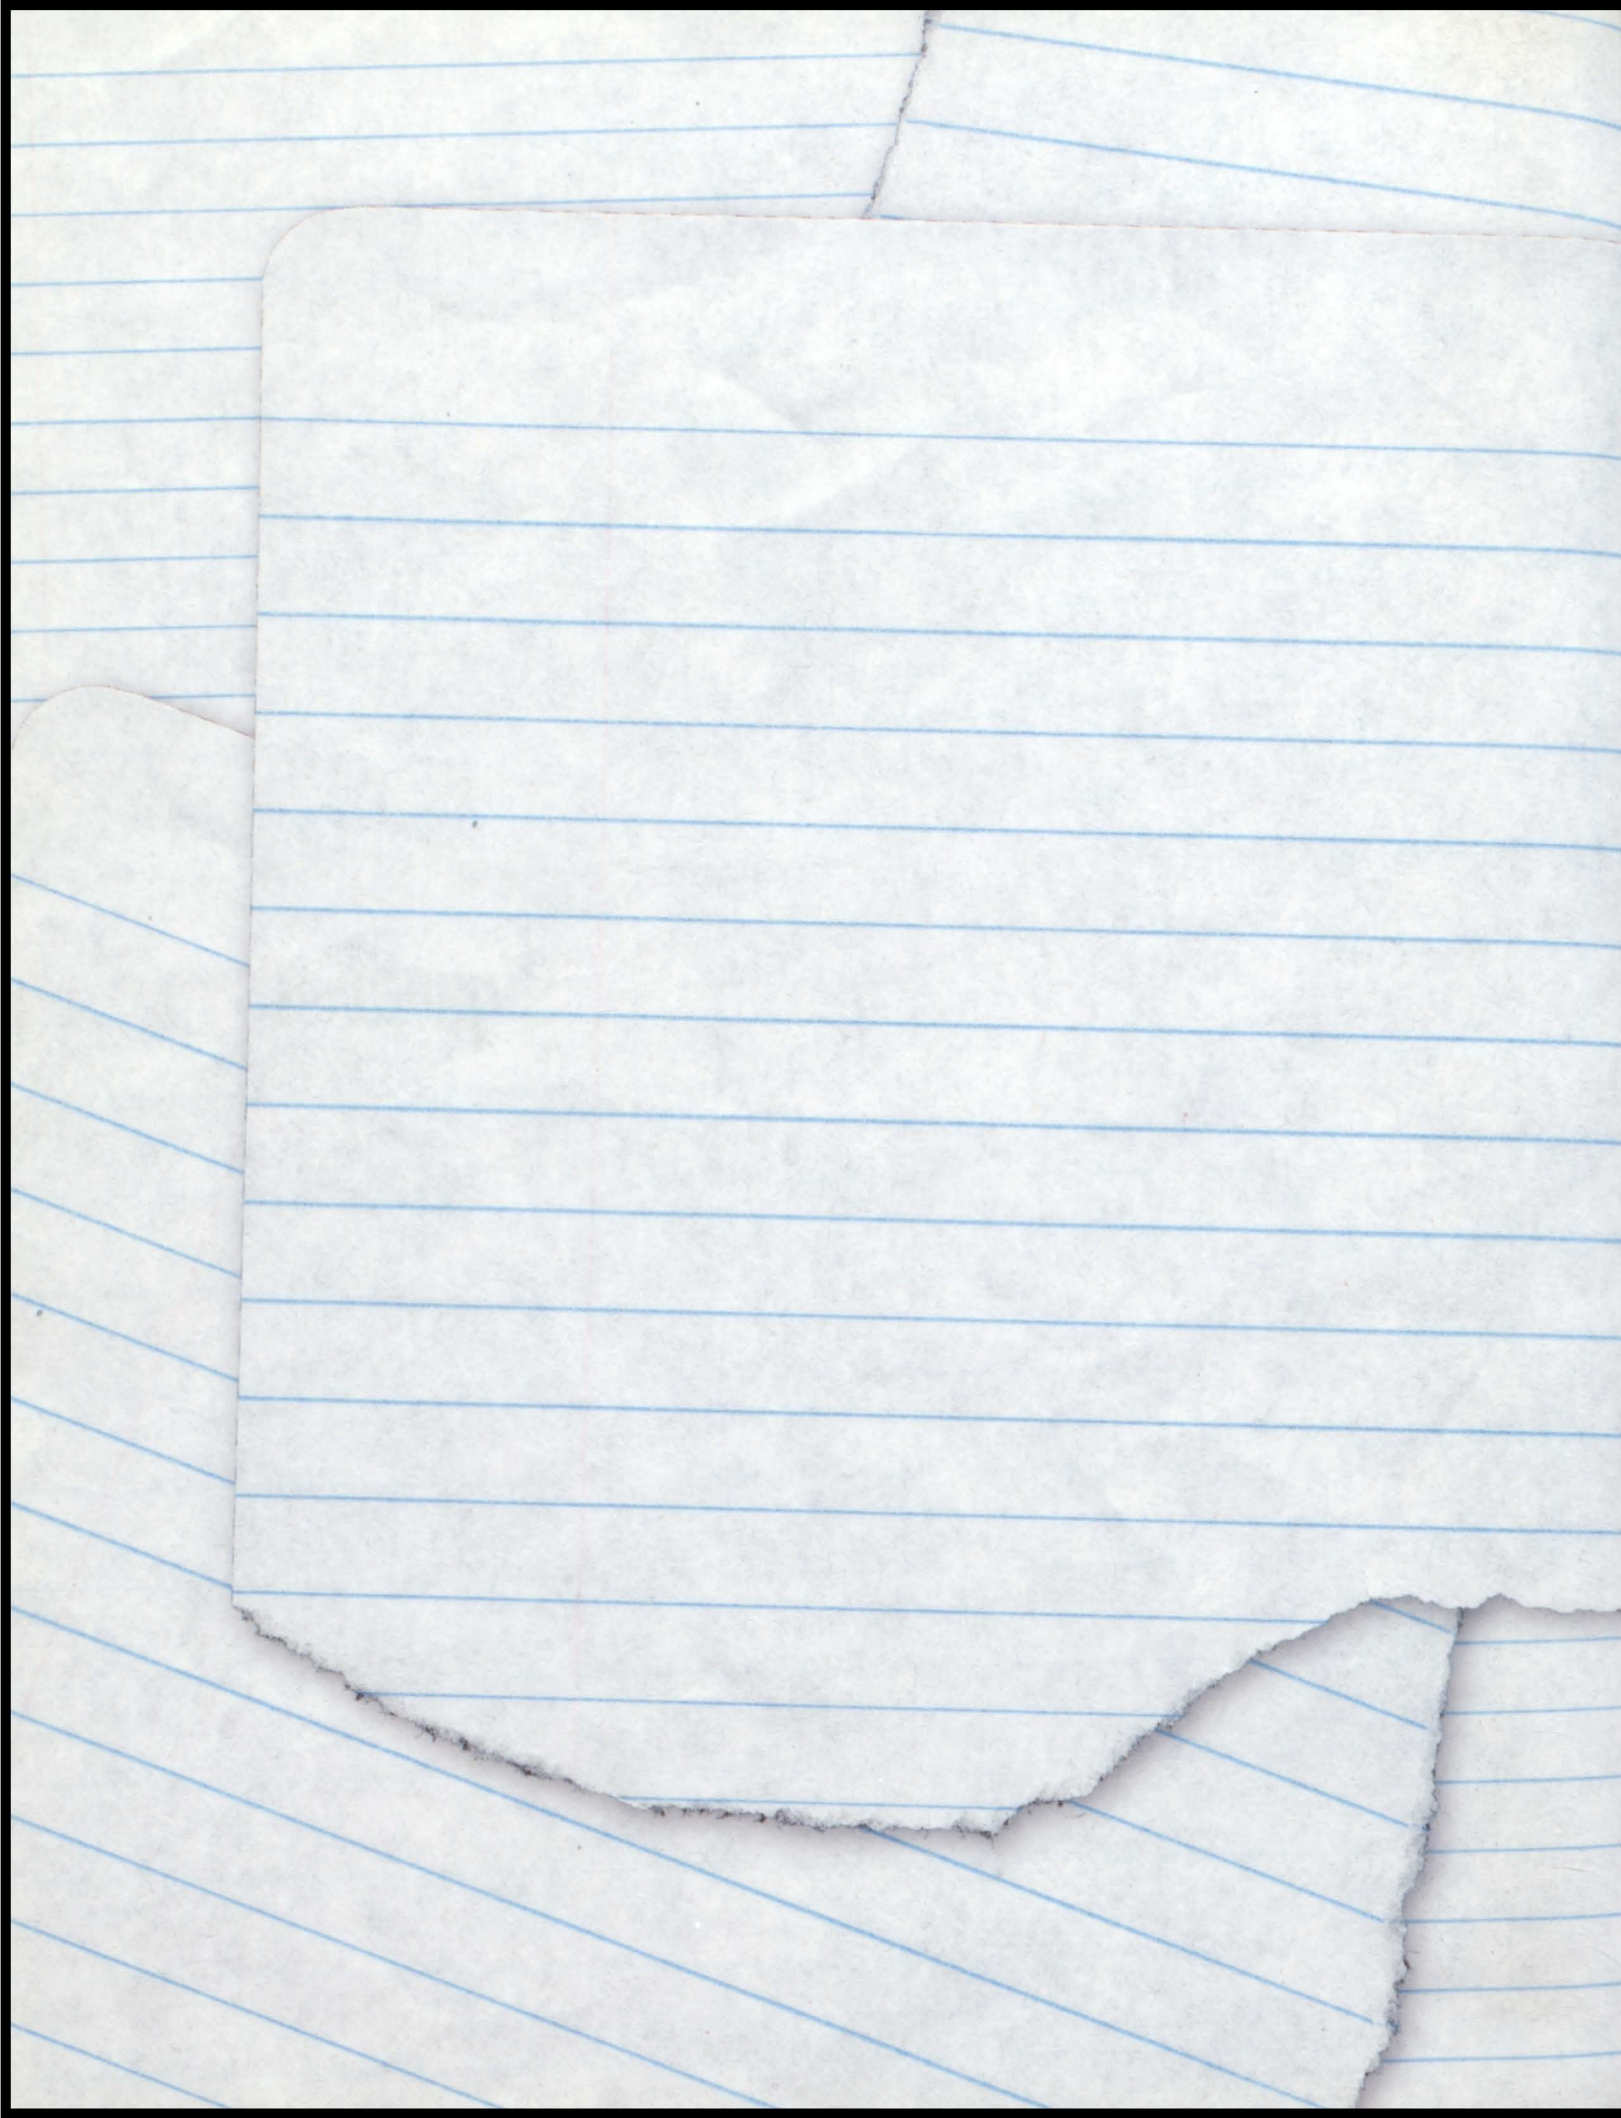

We are united by these values. They are the bridge that carries us forward.

Top Siders

From popped collars to Top Siders, prep style endures. *True Prep* shows a new generation how it's done and what it means.

Sequins

Shiny, sparkly sequins become a major fashion trend when Zoe Kravitz and runway models are spotted wearing them on hats, dresses and tops.

Hats

Self-expression is always in fashion and the right hat makes it easy to add panache (and hide a bad hair day). All you need is a cute fedora or a jaunty newsboy cap.

Military Jacket

There's nothing olive drab about this trend. Military jackets are snappy, sleek and chic — a far cry from the oversized Army surplus look of yesteryear.

Energy Drinks

Energy drinks are the beverage of choice among sleep-deprived students, despite concerns that they contain unhealthy levels of sugar and caffeine.

Dr. Dre's Monster Beats are state-of-the-art headphones that make a strong, street-smart fashion statement. They look cool. And they sound even cooler.

Mineral Makeup

Beauty mavens agree: mineral makeup rocks. These sheer, lightweight, powdery formulas are the smart alternative to gooeey, pore-clogging foundations.

Pillow Pets

Now it's a stuffed animal. And now it's a pillow. Puffy, popular PillowPets™ may be the snuggliest, softest trend of the year.

Dentists report that more and more teens are asking about teeth bleaching procedures, especially for photo-op occasions like proms or sweet sixteen parties.

Flip Flops

Parents and foot doctors hate them but the flip-flop fad is a year-round phenomenon for guys and girls alike (except during snowstorms).

Get the look with a classic polo, distressed skinny jeans and leather belt with your favorite treads.

S TRENDS

Vera Bradley Bags

Colorful, quilted Vera Bradley bags are the epitome of sorority sister style. Devotees mix and match Vera messenger bags, clutches, totes and wallets.

Hippie style is hip once more. Tie-dyed effects on shirts and dresses appear on runways, beaches and boardwalks.

Silly Bandz

The bandz are banned! Some schools decide that Silly Bandz — the popular silicone rubber bracelets — are too distracting for the classroom.

The mountaineer look comes to the metropolis, as high-performance outdoor apparel makes a comfortable, cold-weather fashion statement.

Everybody needs an afternoon snack but nobody has time for milk and cookies. The newest granola bars deliver easy energy between lunch and practice.

Girls Outfit

Go for an edgy, urban look in these American Rag Twill Skinny Cargos — perfectly paired with a belted Cowl neck sweater!

Big Scarves

Long, flowing scarves become a year-round trend. This must-have accessory is the easiest way to add color and interest to casual outfits.

Monkey Slippers

It's a toy. It's a slipper. It's a fun fashion trend. Sock monkey slippers are popular in college dorms and at slumber parties.

Long Necklaces

Long, statement necklaces are trend-right. Gossip girls look luxe with Tiffany-style trinkets. Layered, chunky, vintage baubles create an alt-rock, art school vibe.

Over the Knee Boots

Boots go to great lengths. Over-the-knee styles are seen everywhere from runways to red carpets. Trendsetters wear them with short skirts or slim leggings.
